SUMMARY

Highly disciplined and results-driven Computer Science graduate (S.Kom.), official graduation in August 2026. Proven track record in multi-regional network infrastructure, system administration, and secure cloud environment management. Possesses exceptional time management and punctuality, with hands-on experience supervising on-site technical teams. Actively seeking challenging, growth-oriented roles at the Supervisor or Management level to leverage technical expertise and drive organizational efficiency.

EXPERIENCE IT Specialist, PT Shamrock Manufacturing Corpora

Aug 2023 – Jul 2025

- Technical Team Leadership & Project Supervision
 - Led and supervised a technical team of engineers in deploying physical IT infrastructure and multi-site connectivity, ensuring 100% on-time project delivery.
 - Managed task delegation, enforced strict discipline, and monitored team performance to maintain high standards of operational safety and punctuality.
- Infrastructure & System Administration
 - Administered, configured, and optimized multi-regional network infrastructures and Linux-based VPS environments, achieving a 99.9% system uptime baseline.
 - Designed and implemented automated server monitoring scripts to proactively detect hardware anomalies and minimize unexpected organizational downtime.
 - Managed routine system backups, database maintenance, and disaster recovery protocols to secure critical corporate data and ensure business continuity.
- Network Security & Governance
 - Formulated and enforced robust firewall rules, access control lists (ACLs), and secure routing protocols to protect internal corporate assets from cyber threats.
 - Conducted regular security audits on network endpoints and user access privileges to ensure strict compliance with company data protection policies.
 - Collaborated with cross-functional data units to process, analyze, and troubleshoot database performance, supporting secure and data-driven corporate decision-making.

EDUCATION

Computer Science, Undergraduate

2022 – Aug 2026

Universitas Prima Indonesia

- Current undergraduate student majoring in Computer Science, specializing in Information Technology, Systems Security, and Cloud Infrastructure.

Natural Sciences, High School Diploma

2017 - 2022

Prime One School, Medan

TECHNICAL SKILLS

- **Cloud Infrastructure & Programming:** Microsoft Azure (Cloud Fundamentals), SQL Data Warehousing, HTML, CSS, JavaScript, Python
- **IT Support & Hardware Maintenance:** PC Assembly & Configuration, Hardware Troubleshooting, System Upgrades (RAM, HDD/SSD replacement), Windows OS Deployment, Monitor & Workstation Setup, Peripheral Maintenance
- **Network Infrastructure & Physical Security:** Network Port Maintenance, DVR/NVR Configuration, LAN Cabling (Crimping, Punch Down, Testing), CCTV System Deployment, Surveillance System Troubleshooting
- **IT Operations & Communications:** Internet Service Provider (ISP) Coordination & Vendor Management, Network Downtime Escalation, System Administration (Corporate Email Configuration & User Access Management)
- **Data Protection & System Backup:** Routine Data Backup Management, System Security Hardening, Data Recovery Procedures, OS Patching
- **Design & Editing Tools:** Canva, Capcut, Adobe Photoshop, DaVinci Resolve

SOFT SKILLS

- Technical Team Leadership & Supervision
- Time Management & Punctuality
- Strategic Problem Solving & Troubleshooting
- Cross-functional Team Collaboration
- Professional Communication & Adaptability
- High Work Discipline & Analytical Thinking
